Standing in Solidarity Our Relief Efforts in Gaza

The Crisis in Gaza

Gaza has been enduring a prolonged humanitarian crisis marked by intense conflict and severe shortages of essential resources. The region has faced continuous airstrikes, blockades, and military operations, resulting in widespread destruction and loss of life. Essential infrastructure, including hospitals, schools, and water facilities, has been severely damaged or destroyed, exacerbating the suffering of the civilian population.

The blockade has led to severe shortages of food, medical supplies, and clean water, making everyday life a struggle for many families. The healthcare system is overwhelmed, with hospitals struggling to provide adequate care amidst a shortage of medical supplies and personnel. The conflict has also displaced countless individuals, leaving them without shelter or basic necessities. Amidst these dire conditions, the people of Gaza display remarkable resilience and strength. Despite the overwhelming adversity, they continue to hold onto hope and perseverance.

Message from Ali Abo Shawesh

A Key Coordinator of MIRC in Gaza

Assalamualaikum Warahmatullahi Wabarakatuh

In the name of Allah, the Most Gracious, the Most Merciful.
All praise is due to Allah, and blessings upon our beloved Prophet Muhammad ﷺ.

"Those who spend their wealth in the way of Allah and then do not follow up what they have spent with reminders [of it] or [other] injury will have their reward with their Lord, and there will be no fear concerning them, nor will they grieve." (Al-Quran 2:262)

Respected brothers and sisters,

As I stand amidst the devastation that has overwhelmed Gaza, I am reminded of the unshakable faith that binds us as an Ummah. For months, we have endured hardship and witnessed the suffering of our families, friends, and neighbors. Yet, we have also seen the boundless generosity and brotherhood from around the world, especially from our beloved brothers and sisters in Pakistan.

With the support of MIRC and the compassionate hearts of Pakistanis, we have been able to provide food, financial aid, and essential resources to our displaced families. Every meal and every donation is a lifeline, carrying the love and prayers of those who have not forgotten us. Your aid is more than just material support; it is a beacon of hope, reminding us that we are not alone in this struggle and that Allah has sent you as a source of relief in these dark times.

We are deeply grateful for the ongoing assistance, but I humbly appeal for more support. The situation here grows more desperate each day. The children of Gaza are suffering, and their futures are uncertain. As winter tightens its grip, we urgently need more help to provide warmth, shelter, and sustenance to those who have lost everything.

O my brothers and sisters in Pakistan, do not turn away from us now. Your generosity has already saved lives. I ask Allah to bless you abundantly for all you have given and to continue using you as a beacon of hope for Gaza. May He multiply your rewards and place immense barakah in your wealth and efforts. We are your family, and we trust that you will continue to stand with us. May Allah accept all our efforts and grant relief to the people of Gaza.

Wassalamualaikum Warahmatullahi Wabarakatuh
